

Cranecorp Lead Suburban Lions Sponsors to Support Growth & Development of Club Community

Suburban Lions Hockey Club is pleased to announce that Cranecorp Australia has become the major sponsor of the Club providing vital support to our ongoing development activities. They join other new sponsors in Fini Developments and Contempo Studio that have all agreed to a 3-year sponsorship period.

Club President, Bill Mackenzie said: "We are very fortunate to have such substantial support from Cranecorp and the other sponsors to assist in continuing to invest in the development efforts of the Club. SLHC has been a leader amongst hockey clubs in development programs for juniors and senior coaching. Sponsor support helps us to continue this and provide an environment for players of all abilities to enjoy the sport."

Cranecorp CEO, Rod White said: "Cranecorp is proud to be supporting Suburban Lions and hockey generally. We see the efforts of the Club in building community and healthy activity and this is very much aligned to the values of our business."

We also acknowledge the contribution of the many other volunteers and people that provide donated services that we call Lions Community Partners. They are an equally vital part of making the activities of the Club come together and often go unnoticed.

Please support those businesses and partners that support us by considering them when the opportunity arises.

About the Sponsors

Major Sponsor

Cranecorp is a leading service orientated crane hire company with locations throughout WA. They serve many of the state's prominent mining and industrial companies.
